2015 Partnership Meeting
Location: The Ministry of Foreign Affairs, Government of the Netherlands
Bezuidenhoutseweg 67, The Hague, the Netherlands

Please plan to arrive 15 minutes before the meeting starts
A government-issued photo ID is required to enter the building

Objectives of the Meeting
1 The new global sustainable development framework: Build understanding on what it is and the implications and opportunities for SWA and for SWA’s partners
2 Strategy: Present the new SWA strategy and build consensus on how SWA responds to the opportunity of the SDGs.
3 Country level actions: Build consensus around behaviours that need to change and how these will be implemented and monitored. Build consensus on the need for elaborating national Sustainable Development Strategies for WASH (which can be independent or part of a wider national strategy for sustainable development)
4 Evidence and accountability: Identify key actions to promote harmonization and alignment of monitoring systems to present better evidence to leaders. Discuss elements of SWA accountability.
5 Political prioritization: Gather further ideas/experience on how to raise political prioritization for the WASH targets of the SDGs and further develop the proposals for a high level dialogue in 2016.

Approach to the meeting design
- Build common ground: The meeting should provide an opportunity to reflect on the added value of a partnership and to build on individual perspectives among different partner constituencies to identify common ground and collective action. This implies a focus on dialogue within and between different constituencies and that the meeting design should include a balance of constituencies’ caucuses, small groups and plenaries.
- Frank but optimistic: The meeting’s design should encourage and provide space for frank and critical reflections, building on the positive achievements and recent changes to the SWA strategy and governance structure and the new Chair, and Executive Chair.
- Concrete actions that will create change at scale: The real measure of achievement in the partnership is designing collective actions on the ground which draw on individual actions of partners united in efforts towards achieving the new SDGs.

Meeting Outputs
- Recommendations to the Steering Committee for action to position SWA vis-a-vis the SDGs, and to strengthen the partnership to reach its objectives.
- Personal and partner action to take the partnership forward.
- Agreed roadmap of activities for 2016 including SDG milestones, and the high-level dialogue.
## 2015 Partnership Meeting Agenda

Location: The Ministry of Foreign Affairs, Government of the Netherlands  
Bezuidenhoutseweg 67, The Hague, the Netherlands
