The Global WASH Cluster is managing a google drive with collected global, regional, and country-level resources for COVID-19, and this document will be a living document (access live document here) stored in the same google drive. Additional regional and country resources will be added through time and the folder is continuously being reviewed. Please do share any information that is missing directly to: globalwashcluster@gmail.com.

The Global WASH Cluster and UNICEF WASH Programme division have held a COVID-19 webinar on March 11. Please find links for the presentation and recording. In addition to that the GWC will continue to inform its partners through the regular mailing list - subscribe here if you are not already on the list.
